

“WATER IS LIFE: SHARED CHALLENGES, SHARED UNDERSTANDING, AND SHARED SOLUTIONS”

INDIGENOUS CO-INNOVATION AT THE NEXUS OF FOOD, ENERGY, & WATER SYSTEMS

Student Listening Session

Monday, September 21, 2020

11:00 - 1:00 PDT

Register [HERE](#)

Open House Format - Drop In Any Time
11:00am to 1:00 PDT

There are opportunities to strengthen the education and career training pathways for Native American students. The Co-InFEWS program is interested in learning from students about the “supports” and opportunities they have identified as instrumental to their education and career access, advancement and success. We invite students to share their experiences of the transition from high school to technical training or college, to graduate school and to careers. The listening session will be recorded. Please contact program coordinators with suggestions, questions or concerns.

Listening Session Facilitators:

Patrick Naranjo (Santa Clara Pueblo), University of California-Berkeley
Karletta Chief (Navajo), University of Arizona
Yael Perez, University of California-Berkeley
Cara Duncan, University of Arizona
